PRODUCT
RANGE

Formica® Handitops™

pre-fabricated benchtops

Formica® Handitops™ are a range of hard-working laminated decorative panels, designed to complement most interior colour schemes. They are available in either a high pressure laminate (HPL) – Handitops™ Select, or a continually pressed laminate (CPL) – Handitops™ Standard.

An affordable and popular solution for a broad range of applications Formica® Handitops™ are perfect for work surfaces and benchtops in both commercial and residential spaces. Stylish, durable, and easy to clean the Handitops™ range comes in a velour finish, delivering a clean and modern look.

- A variety of premade benchtop elements in 8 popular Formica® colours
- Rolled edge profile
- Made in New Zealand
- Available in 600mm and 900mm widths in CPL and 615mm and 930mm widths in HPL, to suit most New Zealand kitchens
- Solid 30mm (CPL) or 36mm (HPL) lightweight MDF substrate
- Individually wrapped
- Colour matched laminate clashing strip provided for finishing once cut to size (extra edging available in 3600mm lengths)

Protec+

Formica® HPL laminate is antimicrobial

More than ever people are looking for ways to fight the spread of germs, with one of their biggest concerns being clean surfaces. Whether in the home or in public spaces such as hospitals, schools, sports clubs and shopping centres, Formica® Protec+® antimicrobial laminate provides an innovative surface that inhibits the growth of bacteria and fungi.

- ✓ Food safe
- ✓ Independently tested for antibacterial and antifungal efficiency in accordance with ISO22196:2011, JIS Z2801 and ASTM G21

Formica® is marketed and distributed by Laminex® New Zealand, a division of FLETCHER BUILDING PRODUCTS LTD. The colours of the photographs and swatches depicted in this brochure are as close to the Formica® range as modern photographic, lighting and printing processes allow. The colour/finish combinations shown are available at the time of publication, but are subject to availability and may be withdrawn at any time. Formica® is no different from any other material in that darker colours and gloss finishes will always show scratches and superficial wear and tear more readily than lighter colours or lower gloss finishes. Such surfaces require more care and maintenance and Laminex® New Zealand recommends the use of laminate cleaning products (or mild household cleaning products). Please visit our website, laminex.co.nz, for specific care and cleaning information. Note that in certain lights or from different angles wipe down marks may be visible after cleaning. Formica® should be protected from strong direct sunlight as continuous exposure may cause discolouration or fading to the surface over time. Please obtain a copy of the terms and conditions of the Formica® 7 Year Limited Warranty from Laminex® New Zealand or visit laminex.co.nz. This warranty is in addition to any rights that may exist under the Consumer Guarantees Act (1993). J009856 02/22
